SUMMER CAMP PROGRAMS - PERMISSION TO GO OUT WITHOUT SUPERVISION

Dear parents/tutors

We are pleased to remind you that this authorisation form allows students in Sevilla and Granada Junior Programs to go out without monitors' supervision. These outings are permitted after classes and scheduled activities all through the week.

The authorisation form will only be valid if it is correctly signed and received 10 days before the beginning of the chosen program (No authorisation form will be accepted once the program has started). If the student does not respect the curfew or the program rules (please see circular attached), this privilege will be taken away for the rest of the program.

AUTHORISATION

I, _____, with passport number _____,

parent/tutor of the student _____, attending the following program:

Granada Camp (Curfew at 23.00 or 01.00)

Sevilla Camp (Curfew at 23.30 or 00.30)

authorise my son/daughter of _____ years old, born in _____ to go out during the free time without the supervision of the monitors as far as she/he respects the curfew established for his group age.

I understand, observe and accept that this authorisation eludes Amerispan from any responsibility on my son/daughter's security during these outings and until the moment she/he comes back the school.

I understand, observe and accept that Amerispan may take this authorisation away if my son/daughter does not respect the curfew or the program rules. (Example: Evidences of having consumed alcohol or unhealthy substances; no sign of respect for the program staff, family members or campmates).

Please note that Granada and Sevilla are the only summer programs where all students can go out without supervision every evening and weekends. There's more flexibility with the supervision and the organization than that of a summer camp, this program resembling a Junior Spanish program that includes activities.

In case you don't want your daughter/son to go out without supervision, Amerispan suggests you to enroll her/him into any of the camps we offer in other cities, where only children with signed parental authorizations are allowed to go out without supervision.
