OVERVIEW

WHO IS AMERISPAN?

AmeriSpan specializes in a wide range of educational travel experiences. We offer language immersion, college study abroad, volunteer & internship placements, teenager summer programs, as well as language-based professional development programs for educators, healthcare workers, business and other professionals.

AmeriSpan started in 1993 in a small apartment with only one phone line and one computer. Since 1993, AmeriSpan has grown tremendously sending more than 35,000 people abroad to participate in our programs. We are constantly working to improve our existing programs, add new programs and help you select a program that best fits your needs.

All of our programs are designed around the basic purpose of helping you understand and communicate in another language with different people in a pleasant and fast way. Our 'formula' for accomplishing this consists of three ingredients for your success: Intensive language instruction, cultural immersion and leisure. Many programs such as our volunteer/internship and SALUD programs include a service-learning component as well. With AmeriSpan, you have the opportunity of choosing between different countries, target languages, housing, lifestyles, and methods of instruction from our various programs.

WHY AMERISPAN?

Combined Travel and Linguistic Knowledge

AmeriSpan's staff has three passions: Language, culture, and travel. Individually and as a group, we have accumulated experiences and knowledge related to these passions. We have traveled to more than 65 countries – every continent except Antarctica – and speak 10 languages. We are happy to share this enormous amount of relevant knowledge with you.

Study Abroad Veterans

Every AmeriSpan staff member has studied and/or lived abroad for extended periods of time. We understand your questions and concerns because we have personally dealt with the same issues. We have gone to great lengths to make it easier for you than it was for us. After enrolling in a program, you will receive a copy of the "Need-To-Know" fact sheets on the country or countries that you will be visiting. These fact sheets include information about entry requirements, climate, health and many other "Need-To-Know" things. If you still have questions, we'll be happy to answer them.

Unbiased Language Travel Specialists

We are neither a language school nor a travel agent – we're a hybrid of the two – a language travel organization. AmeriSpan has evaluated hundreds of schools, host families and destinations to determine which programs to offer. Our independence allows us to give you unbiased evaluations of the programs. We do not just list what is included; rather, we clearly state our opinions. Each program description contains a program review that describes "what we like" and "what we don't like" about the program.

No Headaches, No Hassles

Aside from assisting you with which program to choose, we work hard to make the whole process as simple as possible. AmeriSpan pre-arranges your school, lodging, airport pick-up and other services. With AmeriSpan, you will not have to worry about international wire transfers, international phone calls or dozens of other possible complications with arrangements and money. We accept personal checks, Visa, MasterCard, Discover and American Express. AmeriSpan accepts applications by mail, by fax or online.

Hand-Picked Schools

AmeriSpan staff has visited hundreds of language schools throughout the world and we have hand-picked the schools which we think are the best available for each location. The programs AmeriSpan offers are the ones we would choose to attend ourselves. In some locations we offer two classes of schools: 1st Choice and Budget-Friendly.

Latin America & Spain Experts

Prior to 1999, AmeriSpan specialized in offering Spanish programs in Latin America and Spain. Our staff has repeatedly traveled to every Spanish-speaking nation in the world (20 different countries) to personally evaluate hundreds of language schools and host families. As a result of this emphasis, our staff has an enormous amount of first-hand knowledge about the Spanish-speaking world.

Emergency Message Service

During an emergency if your family can't contact you, they may call us 24 hours/day, dictate the message and we will relay the message to you. Conversely, if you cannot reach your family and it is an emergency, call us collect from anywhere and we will relay the message.

Making a Difference

Since the beginning, AmeriSpan has been active in "making a difference." Over the years, we have participated in numerous projects including rainforest preservation, literacy projects in Hispanic communities, and aiding Latin American health-related organizations.

WHY IMMERSION?

Learning another language is more than memorizing vocabulary and grammatical structure; it's embracing an element which binds together a people... a way of life... a culture. You cannot learn these aspects from a book; experience is your only teacher. By totally immersing yourself, you will speed up your comprehension and usage because you will be living the language. Here are some other reasons to consider total immersion:

- Fewer Distractions & Better Concentration – By leaving responsibilities such as job and family at home, you can focus more easily on studying the language.
- Recreation & Relaxation – Whether your interests lie in food, art, architecture, history, beaches, outdoor activities or something else, you can find an immersion program that will allow you to pursue those interests while you participate.
- Around-The-Clock Classroom – Learning extends beyond the class hours because you are surrounded by the classroom. You will constantly be reading, speaking, and listening to the foreign language whether eating a meal, shopping, or asking for directions.
- Increasingly Required By Employers – Many employers and advanced-degree programs require foreign language and international experience.
- Better Value Than US-based Private Institutions – Many immersion programs, especially those in Latin America, cost the same or less than US-based classes even after paying for airfare, lodging and meals.

ACADEMIC CREDIT

AmeriSpan participants can earn credit from nearly all of our programs including College Study Abroad, Language Immersion, Volunteer & Internship, Medical Spanish & Portuguese, Programs for Educators and Summer Camp for Teenagers. The route to obtain credit varies greatly depending on the program and your goals. Our staff is happy to offer advice and help so that you can earn academic credit for your AmeriSpan Program.

FINANCIAL AID

Many participants have been able to obtain financial aid and loans for AmeriSpan programs. We have a list of different resources on our website at www.amerispan.com/financial_aid/

SCHOLARSHIPS

AmeriSpan students are eligible for study abroad scholarships including Benjamin A. Gilman, David L. Boren and Rotary Ambassadorial scholarships. In addition, we offer a variety of AmeriSpan scholarships for our participants attending affiliated universities or for those in financial need. For more info: www.amerispan.com/scholarships/

AMERISPAN'S PARTICIPANTS

During the past 12 months, our participants came from 33 different countries with the most coming from: USA (78%); Netherlands (8%); UK (5%); and Germany (3%). They came from all walks of life and age ranges including: College students (25%); adults under 35 years old (40%); adults 35 and older (17%); seniors & retirees (10%); and kids & teenagers (8%).

LODGING & MEALS

Most AmeriSpan programs offer at least one type of lodging. They usually include meals and are intended for various age groups. For those interested in arranging their own lodging, we do offer classes-only and may be able to offer a few hotel recommendations. Below are descriptions of the three types of lodging available at our different programs:

Host Family (some meals)

Nearly all AmeriSpan programs offer you the opportunity to live with a local host family. The families are screened and selected by the AmeriSpan partner school. In addition to receiving room and board, many students form friendships that can last a lifetime. Living with a family provides complete immersion, gives you the opportunity to practice what you've learned, and gives you a firsthand look at a different culture.

According to our past participants, the homestay is either the best or worst part of the trip. The difference is in the expectations of our students. The students who have realistic expectations almost always believe the homestay was the best part of the trip. Those who have unrealistic expectations can be disappointed. Remember many of you are coming from one of the richer countries in the world. Few homestays will offer the same comforts that you may take for granted.

Apartment or Residence (no meals)

At many programs, you have the option of staying at an apartment/school residence shared by other participants. Apartments/school residences vary by location, but generally have a kitchen, a common room and a washing machine. Normally, your bedroom is shared but may be upgraded to a private bedroom for an extra charge. Most or all of your housemates will be attending the same language program as you. No meals are included, and bathrooms are shared with your housemates.

Dorm (some meals)

AmeriSpan can arrange lodging at a dorm if listed as an option in our materials. Mainly in Europe, we offer the option of staying in a dorm shared with participants attending your program and/or local students attending universities. Dorms vary by location, but generally have a cafeteria where some meals are served and some common areas. In addition, many dorms are single-sex and have rules regarding visitation, noise, etc. Normally, your bedroom is shared but may be upgraded to a private bedroom for an extra charge. Some meals are included with this option.

Korean

Seoul

Home to over 10 million people, Seoul is South Korea's capital and a city full of contrasts where the old city blends its ancient character with the sophisticated, hustle-bustle of modern day Korea. Situated in one of the most mountainous regions in the world, South Korea offers breathtaking scenery including plunging coastlines, undulating hills, valleys and coastal plains. Seoul's subway system is clean, safe and goes everywhere. Street signs are usually in both Korean and English which make it easier than one might imagine to navigate. Both group and private Korean classes are available in Seoul.

TAIWAN

Mandarin Chinese

Taipei

Taiwan, the main island in a group of 78 islands off the coast of China, is dominated by the Central Mountain Range covering most of the island. Taipei, the capital, is a very modern western-style city where high-rise office buildings and luxury condos tower above wide, tree-lined boulevards. Great nightlife is found here with theaters, bars and clubs, but Taipei is still Chinese at heart, with an underlying current of traditional lifestyles and culture that make it fascinating for international travelers. Taipei is truly a city of many faces, where ancient and modern co-exist. Private Mandarin classes are available in this breathtaking city.
