

EVALUATION

Students must take a written and oral placement exam on the first day of classes to assess his/her level. Attendance is mandatory and students are only allowed to have one EXCUSED absence. If the student is absent more than one day he/she will automatically fail the class and lose the academic credits.

SPANISH GRAMMAR, CONVERSATION AND COMPOSITION COURSES

*Spanish Classes are 4 credit hours unless otherwise noted

SPN-101 GRAMMAR AND CONVERSATION

BASIC 1: 4 weeks x 20 hours / week = 80 hours of LANGUAGE. No previous knowledge of Spanish is required. The main focus of this level is the development of oral expression. The student should develop the ability to be comfortable in simple daily situations. The students that are at this level shall be exposed in a progressive manner to units of basic vocabulary and at the same time learn the appropriate grammatical structures.

SPN-102 GRAMMAR AND CONVERSATION:

BASIC 2: 4 weeks x 20 hours / week = 80 hours of LANGUAGE. This course is designed for groups that have taken at least 60 hours of Spanish and have very basic knowledge of the language. During the four weeks of the course the content is progressively extended, integrating the development of the four skills with techniques and specific procedures that promote the student's interaction with the Costa Rican surroundings. At the same time the knowledge that is acquired in the previous module is strengthened. When the four weeks of study are over the student will be able to face every day situations easily.

SPN-201 GRAMMAR AND CONVERSATION:

INTERMEDIATE 1: 4 weeks x 20 hours / week = 80 hours of LANGUAGE. This module was designed for those that have a basic knowledge and proficiency of the language. Dynamic participation is promoted among the students. It is based on the conversation, reading and discussion of simple texts. Aside from the use of more complex vocabulary, the history and use of personal pronoun "vos" are introduced.

SPN-202 GRAMMAR AND CONVERSATION:

INTERMEDIATE 2: 4 weeks x 20 hours / week = 80 hours of LANGUAGE. Social and cultural activities are used widely as study material. Much emphasis is placed on the enrichment of vocabulary and the management of the language is intensified. The student, once this module is completed, shall be able to take part of a simple dialogue and be able to understand the majority of what is read.

SPN-210 INTERMEDIATE CONVERSATIONAL SPANISH:

4 weeks x 20 hours /week = 80 hours expression and culture. Pre-requisite: SPN 202

This course is for those students who have achieved an intermediate command of grammar structures and wish to better their oral communication. Students will develop skill in written expression and will also work with reading and auditory activities to motivate oral communication. Grammar aspects that have a direct relationship with oral and written expression also will be reviewed.

SPN-301 GRAMMAR AND CONVERSATION:

ADVANCED 1: 4 weeks x 20 hours/ week = 80 hours of LANGUAGE. Oriented towards students that are already able to communicate in Spanish. The goal is to polish the language through: grammatical analysis, vocabulary, mannerisms and colloquial expressions. The reading and composition of complex texts is also included.

SPN 302 GRAMMAR AND CONVERSATION:

ADVANCED 2: 4 weeks x 20 hours / week = 80 hours of LANGUAGE. Always using the practical and communicational method, this module deals with more complicated syntactical and morphological aspects. It is an introductory course to morph linguistics. Emphasis is placed on the correct use of written and spoken Spanish. When this level is completed satisfactorily, the student shall be able to express his/her ideas fluently in Spanish, written as well as spoken. In the same way, the student shall have a notion of the adequate use of nomenclature and the structure of advanced syntax.

SPN 304/3440 SPANISH FOR BUSINESS

(Only offered in March, June, July and November) 4 weeks x 15 hours / week = 60 hours

Created for students that are already at an advanced level of Spanish, this course will familiarize a foreign student with the Spanish used in the Latin American business world. The technical language and vocabulary used in the areas of financing, marketing, production and general administration are studied here. This course has been structured into thematic units that are developed through activities such as reading and analysis of articles and experts' opinions that are published in specialized magazines. Each specific area is covered with situations or "mini – cases" that need to be solved, thus promoting the development of written and oral skills, applied to Business Administration. The students carry out case studies and visit different national companies.

SPN-310 ADVANCED CONVERSATIONAL SPANISH:

4 weeks x 20 hours /week = 80 hours. Pre-requisite: SPN 301

This course is for students with superior command of grammatical structures who wish to become more fluent. At this level essential focus is to develop reading and auditory skills that will develop oral expression. The course promotes oral expression through reading, discussion and analysis activities.

SPN-320 INTRODUCTION TO CULTURAL HERITAGE IN LATIN AMERICA

4 weeks x 20 hours = 80 hours. Pre-requisite: SPN 301

This course studies relevant topics and issues in the development of cultural heritage in Latin America with emphasis on Costa Rica.

SPN-340 ORAL EXPRESSION TECHNIQUES

4 weeks x 20 hours = 80 hours. Pre-requisite: SPN 301

This course is for advanced level students who wish to learn and practice oral techniques in conversation in order to increase fluency.

SPN-410 ADVANCED COMPOSITION

4 weeks x 20 hours = 80 hours. Pre-requisite: SPN 302

This course is for advanced level students who wish to obtain solid written skills. The objective of this course is to introduce and develop elements of rhetoric and composition in order to improve student's written expression. This course focuses on analyzing aspects of communication and the use of written expression in order to obtain enough knowledge and skills necessary to elaborate texts.

SPANISH FOR HEALTH PROFESSIONALS

SPN-141 BASIC SPANISH FOR HEALTH PROFESSIONALS

4 weeks x 25 hours / week = 100 hours of LANGUAGE. This course is designed for the purpose of giving health personnel, who do not have any previous Spanish experience, the tools necessary for interacting with and interviewing simulated Spanish speaking patients. During the four weeks of the course the students will acquire the linguistic knowledge and skills that will permit them to communicate at a basic level with simulated Spanish speaking patients.

SPN-241 INTERMEDIATE SPANISH FOR HEALTH PROFESSIONALS

4 weeks x 25 hours / week = 100 hours of LANGUAGE. This course is designed for health personnel that have taken a minimum of 100 elective hours of Spanish as a second language. The goal of this course is to deepen the knowledge of medical related Spanish and increase the competency of communications in specifically simulated situations with Spanish speaking patients.

SPN-341 ADVANCED SPANISH FOR HEALTH PROFESSIONALS

4 weeks x 25 hours / week = 100 hours of LANGUAGE. This course is designed for health personnel that have an advanced background in Spanish and who need to improve their linguistic competency in order to interact with their Spanish speaking patients and their families.

SPANISH FOR LAW ENFORCEMENT AND BORDER PATROL

SPN-151 BASIC SPANISH FOR LAW ENFORCEMENT AND BORDER PATROL

4 weeks x 25 hours / week = 100 hours of LANGUAGE. This course is designed for the purpose of giving general law enforcement professionals, who do not have any previous Spanish experience, the tools necessary for interacting with and interviewing simulated Spanish native speakers. During the four weeks of the course the students will acquire the linguistic knowledge and skills that will permit them to communicate at a basic level in simulated situations with Spanish native speakers.

SPN-251 INTERMEDIATE SPANISH FOR LAW ENFORCEMENT AND BORDER PATROL

4 weeks x 25 hours / week = 100 hours of LANGUAGE. This course is designed for law enforcement professionals that have taken a minimum of 100 elective hours of Spanish as a second language. The goal of this course is to deepen the knowledge of law related Spanish and increase the competency of communications in specifically simulated situations with Spanish native speakers.

SPN-351 ADVANCED SPANISH FOR LAW ENFORCEMENT AND BORDER PATROL

4 weeks x 25 hours / week = 100 hours of LANGUAGE. This course is designed for law enforcement professionals that have an advanced background in Spanish and who need to improve their linguistic and communicative competency in order to interact with Spanish native speakers and their families. The goal at the end of this course is to have the student capable of communicating in an effective and fluent form with Spanish native speakers.

ELECTIVE COURSES TAUGHT IN ENGLISH

*Elective Classes are 3 credit hours (plus 1 additional lab credit for science courses)

ENVIRONMENTAL STUDIES

Provides the opportunity to learn about and practice the skills required for managerial excellence. These skills include leadership, negotiation, conducting performance appraisals, delegation, effective communication, interviewing and making hiring decisions and effective human resource management.

HEALTH AND HUMAN DEVELOPMENT

HIS-3293: COSTA RICAN HEALTH CARE SYSTEM AND TROPICAL MEDICINE - 4 credits (60 hours)

Costa Rica's health care system is unique due to the fact that it's socialized and has achieved excellent health indicators. The course focuses on the history and development of the public health care system within the context of the Costa Rican sociopolitical and economical situation. It also gives a strong emphasis on how the system actually works and points out not only the strongholds of the systems, but also it's weak points. A third objective, of fundamental importance in order to understand this system, is the study of Costa Rica as a tropical country. Students will learn about the prevention and transmission of relevant tropical diseases.

HHD-1020: INTRODUCTION TO PHYSICAL THERAPY - 4 credits (60 hours)

This course will introduce basic concepts of human anatomy, an overview of the most common injuries and illnesses that require physical therapy, and an introduction to the different tools and methods used to treat them. The course will consist of lectures about the theoretical concepts, and also laboratory practice, which will allow the student a hands-on experience of the different techniques given during the lectures. At the end of the course the student will have general knowledge on various areas of expertise, and on techniques such as massage therapy, electrotherapy, and therapeutic exercises, among others.

PSY-2200: HEALTH PSYCHOLOGY - 3 credits (48 hours)

The World Health Organization defines health as being "a state of complete physical, mental, and social well-being and not merely the absence of disease or infirmity". Based on this definition, the concepts of health and illness have changed. Nowadays, health care professionals have to tackle the health from a bio-psycho-social concept. For this reason, it is extremely important for health care professionals (doctors, nurses, physiotherapists, just to mention some) to have general information about Health Psychology, which studies how biology, behavior, and social context influence health and illness. In this way, health care professionals can have an integral approach to the patients under their treatment. This will discuss some of the most common topics related with Health Psychology and pertinent to practice in the health care professions.

HISTORY, POLITICS AND INTERNATIONAL RELATIONS

HIS 2302: CONTEMPORARY LATINAMERICAN HISTORY - 3 credits (48 hours)

This course is a survey of the main events in Latin American History after its independence. Topics include the historical causes and effects of the independence, some of the main issues on social, economic and political problems and the main historical leaders in modern Latin America.

HIS 3290: COSTA RICAN ECONOMIC DEVELOPMENT - 3 credits (48 hours)

This course introduces the outstanding socio-economic and political features that have shaped and defined the history and development path of Costa Rica.

POL 2500: HUMAN RIGHTS IN LATIN AMERICA - 3 credits (48 hours)

A particular emphasis will be given to the case of Costa Rica, giving the students an opportunity to explore the development of human rights in the following areas: women's rights, children's rights, HIV/AIDS, the CAFTA agreement and labour rights, indigenous groups and human rights, disability and age issues, and the prison environment.

POL 3100: COSTA RICAN TRADITION: PEACE AND DEMOCRACY - 3 credits (48 hours)

The general objective of this course is to discuss, with students, the social, economic and political issues of the process of construction of peace and democracy in Costa Rica and Central America (1948-2005).

POL 3220: MIGRATION ISSUES: THE COSTA RICA CASE - 3 credits (48 hours)

This class studies the construction of migrants as others, the management of their image by media and elements pertaining human rights and citizenship in the cases immigrants in Costa Rica and opening the possibility to compare the United States as a host country. The objective is to visualize the construction of cultural identities, its effects on the intergroup encounters and societal perspectives on migration.

POL 3400: WORLD POLITICS AND TERRORISM - 3 credits (48 hours)

This course examines the historical and actual events related to international terrorism. The focus is to understand the background of global, regional and local conflicts between various groups and governments. Various topics will be closely followed, like Jihadism, Al Qaeda in 2008 and the wars in Iraq and Afghanistan. The objective of the course is to promote the interaction of ideas and arguments based on a balanced analysis of the themes. Students participate in various ways: writing essays, internet research assignments, documentary movies, socio-dramas and debating actual topics.

POL 3450: INTERNATIONAL RELATIONS IN LATIN AMERICA - 3 credits (48 hrs)

The course will analyze the aspects of the Economic Integration, globalization and conditions for a successful integration between economies and the effects of free trade in the region as well as the effects of protectionism. There will be a special treatment on foreign investments and joint ventures in the Latin America.

POL 3560: INTERNATIONAL POLITICS IN THE MIDDLE East - 3 credit (48 hours)

This course examines the historical and actual events in The Middle East. The focus is to understand the background of conflicts in Iraq, Lebanon and The Palestinian Territories. The aftermath of the Middle East Peace conference of December 2007 will be closely followed. The objective of the course is to promote the interaction of ideas and arguments based on a balanced analysis of the themes. Students participate in various ways: writing essays, internet research assignments, documentary movies, socio-dramas and debating actual topics.

POL 3740: ECONOMIC INTEGRATION IN LATIN AMERICA - 3 credits (48 hrs)

This course will analyze the beginning of the International Relations in Latin America and the most important historical facts that marked the politics in the region in the current era. The focus of this course is on the historic background of the region before independence and post independence that helped to consolidate the American hegemony and the insertion of foreign investment, the North American imperialism and the Latin-American resistance.

ELECTIVE COURSES TAUGHT IN SPANISH (12 WEEK PROGRAM)

LITERATURA Y LINGÜÍSTICA
